DO BUSINESS.
DO LIFE.

SIMON BOWEN'S TOOLBOX FOR VIRTUAL PRESENTATIONS

THE APPLE PRODUCTS

It is possible to technically replicate Simon's set-up via Android & Microsoft systems. However, in Simon's experience, using Android or Microsoft-based systems does not give you the same outcome when attempting to replicate the models.

An iPad | SHOP HERE
The Apple Pencil | SHOP HERE

App: Notability | DOWNLOAD

ZOOM

Ecamm Live feeds into his Zoom's camera.

ECAMM LIVE

Simon uses Ecamm Live for his visual set up and streaming via Zoom, YouTube, Facebook Live, and more.

Ecamm Live | SIGN UP HERE

Ecamm is only for Apple devices. For a Mac, you'd use OBS Live.

OBS Live | SIGN UP HERE

A CANON CAMERA

Simon uses a web-cam compatible Canon to feed in to Ecamm Live for high-quality video.

Canon Camera | SHOP HERE

Use Your iPad as a Whiteboard (Ecamm & OBS)

CAT MULVIHILL'S YOUTUBE

If you're interested in digging deeper on how you can enhance the way you present and communicate virtually, check out Cat Mulvihill's channel.
